COVID-19 vaccination information for parents of children aged 12 to 16 years of age

Dear Parent or Guardian,

As you know, we have been working hard to keep our school and our community safe this school year. Nevertheless, we are aware of the rising number of COVID-19 infections in this age group across England. The main purpose of the COVID-19 secondary schools vaccination programme is to provide protection to the children who are vaccinated and to reduce the disruption to face to face education this winter.

COVID-19 is a very infectious respiratory disease caused by the SARS-CoV-2 virus. Very few healthy children and young people with COVID-19 infection go on to have severe disease.

The decision to vaccinate is down to you as the parent/guardian/carer, and your child. I understand that you will have questions about the vaccine and the process.

What will happen next

Attached are the details for the electronic consent form organised by the NHS England School Age Immunisation Service (SAIS) for you to complete, as well as an additional information leaflet from the NHS. The SAIS team will carry out the vaccinations and manage the consent process. Scalby School will be providing the school gym to the vaccination team on Tuesday 2nd November 2021, and a further date will be arranged within the following 2 weeks as a catch up for anyone missing/groups we didn't get chance to do.

All consent decisions must be returned by midnight on 31st October 2021

What will happen on the vaccination day

The process on the day will be quick and easy. The vaccine will be administered by trained and experienced healthcare staff. Whilst parents/guardians/carers unfortunately can't attend on the day, the SAIS team will do their best to support your son/daughter and make them feel comfortable during their vaccination.

If your child is absent on the day of the vaccination or unable to be vaccinated but consent has been given, or if you would prefer to accompany your child during their vaccination, then you will be able to book your child a vaccination appointment at a vaccination centre by visiting www.nhs.uk/covid-vaccination. Appointments will be made available in most areas from the 23rd October.

Thank you for continuing to help keep our school and community safe.
