Protect your child against flu - Five reasons for your child to have the flu vaccine

1. **Protect your child** - The vaccine will help protect your child against flu and serious complications such as bronchitis and pneumonia.
2. **Protect you, your family and friends** - Vaccinating your child will help protect more vulnerable friends and family.
3. **No injection needed** - The nasal spray is painless and easy to have.
4. **It's better than having flu** - The nasal spray helps protect against flu, has been given to millions of children worldwide and has an excellent safety record.
5. **Avoid costs** - If your child gets flu, you may have to take time off work or arrange alternative childcare.

Your child will not receive this vaccine without a valid consent form.
