

## Year 11 Booster Programme

Dear Parent/Carer

In consultation with teachers and subject leaders, the school has developed a booster programme to ensure all Year 11 students are on track to make expected progress across all their subjects. This Booster Programme is one of the most important and successful intervention strategies that we use in Y11. It will allow students to have an extra hour of their core subjects in order to help them be successful in their GCSE examinations.

This programme will begin on Monday 25<sup>th</sup> September 2023. Your child's teachers have highlighted that he/she will benefit from targeted support, and we have therefore created a bespoke programme of booster sessions which will run from 2:30pm-3:30pm each school day. If your child has been invited to a booster session, it is vital that they attend all of these sessions. A tutor in these subjects would cost over £30 an hour, which we are providing free of charge. Some subjects will target groups of students at different times of the year. Any changes in invites will be communicated home via text. These booster sessions will help them to take their next steps in education, employment, or training when they leave Scalby School next summer. Historically, there is a clear correlation between students that regularly attended these sessions and success in examinations.

Listed below are the nights, and subject area your child will be required to attend to maximise achievement.

Day	Subject – Staff Code – Room Number
Monday	Science – Targeted students - Your child's Science teacher will let your child know and you will receive a text message to confirm their invite
Tuesday	Maths - ALL STUDENTS invited
Wednesday	French – ETH 11A2, SPE mix of 11A1 & 11A2 your child has been notified
Thursday	English - Targeted students - Your child's English teacher will let your child know and you will receive a text message to confirm their invite
Friday	French – ETH 11B2, SPE mix of 11A1 & 11A2 your child has been notified
