Latest from the Headteacher,

We saw the Year 11's take their final GCSE exams last week. They have worked extremely hard over the past few weeks and wish them all the very best for the future and can't wait to see them let their hair down and enjoy Prom this week. Given the disruption they have faced, they have acquitted themselves superbly and I look forward to celebrating with them on results day in August.

Delta Academies Trust

The last few weeks have seen us working closely as a School and Trust with Delta Academies Trust, Education Exchange programme under the leadership of our new CEO Paul Tarn. The Education Exchange is currently providing support to Scalby School and all the schools across the Trust to ensure that outcomes for young people are excellent and sustainable in the coastal region. As a school this support is allowing us to review our curriculums, systems and processes. This will only lead to further improvements in the educational offer and experiences we can provide to students at Scalby School.

As a result of reviewing our curriculum and systems we will not be rolling the timetable over early next month. This will allow us to plan curriculum drop down days with Year 10 students in preparation for them stepping up to Year 11. We are also transitioning Year 7 students back into other parts of the school over remaining weeks of term and planning some curriculum drop down days for them in the Autumn term. Timetable rollover will now happen in September.
